Expert Labs Workshops

IBM Automation

May 2021

FOR IBM USE ONLY– NOT FOR DISTRIBUTION

IBM Confidential

Leave No Customer Behind

Expert Labs is investing in your client's platform, application, IT operations and process modernization.

Expert Labs is investing

To get your clients started on the modernization journey, Expert Labs is investing 3-5 days in a workshop to assess the client's existing environment, identify the best approach and create an actionable plan that delivers immediate value for the business. The expected outcomes of the workshop include:

- Assessment of workloads
- Insights for optimization
- Target architecture
- Modernization plan

Run the play together

Software and Services Sellers are working together to engage our existing clients to position our Expert Labs investment offering. The ideal profile are clients willing to participate in the workshop to learn about modernizing of their existing estates and willingness to act on their journey with us.
